Rider's Guide

- Riders must utilize marked bus stops where present; all other areas use a flag-down system.
- In flag-down areas, stand at a place where the bus driver has room to stop without causing a traffic hazard, and clearly motion for the bus to stop. Be sure to give the operator plenty of time to respond. When it's dark out, please use a flashlight as a signal.
- Please know what time the bus arrives and departs at your stop, and plan to be at the stop location at least 5-10 min prior to the scheduled time for the bus to arrive. Buses can run a few minutes late, or early, depending on weather, traffic, and other unforeseeable factors.
- As you board, let the operator know your destination.
